

# Parent Engagement Survey

The partnership between parents and schools is critical for student success both in and out of the classroom. Research shows that the commitment of parents to actively support their child's learning and development is closely linked to **better student behavior, higher academic achievement** and **enhanced social skills**. How a school responds to parent concerns, honors their contributions and involves them in decision-making impacts parents' overall engagement, and ultimately, impacts student learning.

The **School Perceptions Parent Engagement Survey™** collects data on five key indicators of parent engagement:

- Culture of Educational Excellence
- Effective Teaching
- Safe and Healthy School Climate
- Leadership
- Sense of Community

## Services Include:

- Survey Administration
- Online Result Access
- Dynamic Analysis Tools
- Written Reports
